Professional Summary

Entry-level Product Designer with a background in Computer Science and Interaction & Visualization. Experienced in contributing to live digital products and building scalable UI systems in collaboration with engineering teams. Curious, analytical, and motivated to explore the full product design process, from discovery research and problem framing to high-fidelity implementation and iteration. Seeking to grow within a mentorship-driven environment while contributing a fresh and thoughtful perspective to collaborative products at scale.

Education

Instituto Superior Técnico — Lisbon, Portugal

M.Sc. in Computer Science — Interaction & Visualization, 2024–Present

B.Sc. in Computer Science, 2020–2024

Professional Experience

Product Design & Frontend Engineering Intern — nextflat CH, Sep 2025–Mar 2026

Zurich, Switzerland (Remote)

- Contributed to UI/UX improvements for a live real estate platform serving 500+ users, redesigning key flows, including homepage, dashboards, and feed, to improve clarity and usability
- Collaborated closely with engineers to translate design decisions into production-ready interfaces across 2 release cycles
- Built an atomic design system with reusable CSS module components, reducing design inconsistencies and cutting estimated frontend implementation time for new features by ~30%
- Iterated on features through multiple rounds of stakeholder and user feedback, balancing business goals with user needs in a fast-moving startup environment

Front-End Developer Intern — Sky Portugal, Jul 2024–Aug 2024

Lisbon, Portugal

- Designed and implemented an internal STB device management system in under 2 weeks, reducing device onboarding time from several days to under 4 hours
- Automated repetitive workflows and built structured data exports used across all operational teams
- Worked cross-functionally with operational teams to understand needs and improve usability

Leadership & Extracurricular

Coordinator — SINFO, Mar 2024–May 2025

Lisbon, Portugal

- Led a 30-person team organizing Portugal's largest free tech conference (5,000+ attendees, 85+ partner companies)
- Secured Tier-1 sponsorships including Oracle and coordinated national media coverage through CNN Portugal
- Directed cross-functional teams, optimized attendee experience, curated speakers, and managed prize selection

Multimedia Team Member — SINFO, Mar 2022–May 2024

Lisbon, Portugal

- Contributed to multimedia production and communications across 2 consecutive conference editions

Head of Human Resources — Diferencial IST, Mar 2022–May 2023

Lisbon, Portugal

- Built recruitment and onboarding processes from scratch for a 20+ member student team, improving time-to-productivity and first-year retention

Projects

SageBook — Cooking Companion App (SwiftUI):

Led end-to-end UX research process, including surveys identifying that 60%+ of new cooks abandon recipes mid-way, and translated findings into a gamified, step-by-step cooking assistant. Currently iterating on high-fidelity prototype with ongoing usability testing.

CottageTunes — Music Discovery App (SwiftUI):

Designed custom UI components and search flows to improve music discovery. Emphasized accessibility, interaction clarity, and smooth transitions across the experience.

Clicky Companion — Mental Wellness App:

Rapidly prototyped a mood-tracking concept exploring micro-interactions and habit-forming patterns. Iterated on flows based on peer feedback and usability observations.

Technical Skills

UX/UI: User Research, Problem Framing, Interaction Design, Prototyping, Design Systems, Information Architecture, Usability Testing

Design Tools: Figma (Advanced), Adobe Illustrator, Photoshop

Frontend: React, SwiftUI, UIKit, HTML5, CSS3, JavaScript, TypeScript

Other: Git, REST APIs, CMS Platforms, Python, Java

Certifications

Enterprise Design Thinking Practitioner & Co-Creator (IBM)

UI/UX & Figma Specialization (Udemy, Le Wagon, Accenture)

Web Developer Bootcamp (Udemy)

Languages

Portuguese (Native) • English (C2) • French (B2) • Spanish (B1)
